PROJECTS

TransitPulse

02/2026 – 03/2026

- Directed the zero to one build of a real time transit app. Integrated live geospatial APIs and a reporting network to build trust through peer to peer validation rather than algorithmic schedules.
- Architected a WCAG compliant design system featuring chronopsychology driven UI themes with strict opt in controls for sensory shaping.
- Gamified the app to drive daily retention. Users unlock specific UI adjustments that act as visual trophies in passive community settings.
- Engineered native localization for Spanish, French, and Chinese alongside specialized accessibility modes optimized for dyslexia.

PROFESSIONAL EXPERIENCE

Country Interior Design Leader, *IKEA US*

02/2022 – Present | Conshohocken, PA

- **Enterprise Strategy:** Identified resource shortages in 3D visualization/company wide tools management and self assembled + led a SME workgroup to national strategy to scale local fixes into enterprise wide standards.
- **Data Governance:** Utilized post implementation sales metrics to build ROI backed business cases for standardized design solutions. Successfully mitigated rogue executions.
- **Behavioral UX:** Helped lead the nationwide rollout of Trauma Informed Design frameworks. Navigated strict corporate compliance to deploy psychologically safe environments.
- **AI Technical Pilot:** Architected a multimodal sensory experience using ElevenLabs and Adobe Firefly. Engineered a distributed audio mesh for market relevant US Hispanic + African American voice models.
- **Technical Strategy:** Authored the Enterprise Business Case for Unity and Reflect to establish a live sync 3D to AR pipeline. Served as Lead Interior Designer for three national commercials.

Guideshop & Sales Manager, *Interior Define*

07/2019 – 10/2020 | Boston, MA

- **Market Launch:** Promoted to open the Philadelphia market. Engineered custom Salesforce reporting to track KPIs and outreach cadences for local staff and new hires.
- **Sales Strategy:** Generated \$685,242 in gross sales in six months using customer data to deploy custom visual consultations and build long term connections.
- **Technical Onboarding:** Led technical training for the whole team. Translated complex fiber science and ergonomic specs into simple stories that helped close deals.
